

ARLINGTON HEIGHTS HERALD

VOLUME 5, NUMBER 51

ENTERED AS SECOND CLASS MATTER
AT ARLINGTON HEIGHTS, ILLINOIS

ARLINGTON HEIGHTS, ILL. FRIDAY, OCT. 16, 1931

H. C. PADDOCK & SONS, Publishers
Arlington Heights, Illinois

SUBSCRIPTION \$2.50 — YEAR

LET CONTRACTS NEW VILLAGE OFFICE ROOM

To Be Convenient and Modern; Construction Begun

To let the contracts for the new village collector's office space to be remodeled from present waste space in the municipal building, also to hold a hearing on a proposed West Euclid avenue sewer extension, the Arlington Heights village board met Monday night.

The first item of business, however, was the presentation of a \$25,000 bond from the Northern Trust company of Chicago, to comply with requirements to cover the deposit of Village funds there. The term of the bond is from Oct. 2, 1931 to Oct. 2, 1932. On motion, the bond was accepted and referred to Village Attorney H. J. Thal for checking.

Frank Schulenberg was awarded the contract for the masonry on the new collector's office, at the price of \$930.80. Schwartz and Durni were given the contract for the painter work for \$477.00.

Several residents along the south side of West Euclid avenue, west of the tracks, were present to ask for a sewer extension out their way. The majority appeared to prefer to have the sewer laid on Kennicott avenue, rather than on Euclid. The matter was referred to the engineers, Consoer, Olden and Quinlan, for them to submit a plan and sketch of such a sewer extension, on motion of Trustees Krause and Klehm.

A letter to the Overhead Door Company authorizing contractor Otto Pingel to complete the job on the new fire station doors on Davis street, was read.

The special meeting then adjourned.

New Office Section

The new Village office will be located just west of and adjoining the stair hallway to the Public Library, and just north of the steam pump. The old outside wall and windows will be torn out, and a new wall with face brick to harmonize with the new village hall part of the building, will be built out to the side walk. Three windows will be on the street. Entrance will be from the hallway at the foot of the library stairs.

The new room will be 18 to 20 feet wide, and about 25 feet long. At the rear will be a vault, 6 by 12 feet, with adjustable metal shelves.

The walls of the new addition will be of Haydite blocks, absolutely fireproof.

Work has been started already by the contractors. Engineer Arthur Dieball was volunteering last week to help wreck the old interior, preparatory to the reconstruction, when a four-pound sledge fell on his head. He is thankful to live to tell the story. In a corner, by the new vault, he plans to build a locker room for his department.

Entrance to the room containing the pump on the Davis street side, will be from the west, through a new door. The noise of the pump, if it becomes a problem, will be taken care of by sound-proofing the walls, or putting on different gears. The present gears have been on the pump since it was first installed years ago.

JUNIOR HIGH SCHOOL NEXT TOPIC, P.T.A.

DesPlaines School Head To Urge System Tues. Night, South School

Mr. E. R. Selleck, superintendent of the Public schools of Des Plaines, is to be the speaker at the open meeting of the Parent-Teacher association of Arlington Heights, next Tuesday evening, Oct. 20, 8 p.m. at the South Side school. He will talk on "Our Junior High School."

A musical program will be given by Mrs. Mildred Cobb, saxophone soloist, of Crystal Lake.

A social hour will be held, also; this is a splendid opportunity to become acquainted with other right minded people interested in the greatest welfare of their children, and in the fullest cooperation with the schools for their benefit. It is assumed that every parent wants to know what the schools are doing, and what can be worked out to help the children get the most from the school.

THE STOP SIGN

Three people have died the past week because of accidents upon Elmhurst road within a mile of Mt. Prospect because motorists failed to heed the stop sign. If there ever were need of excuses for the arrest of motorists who fail to stop at stop signs, those three deaths provide that excuse. The highway state and local police should make a drive against motorists who fail to heed such signs and the magistrates should inflict heavy fines.

Woman Killed, Six Injured, in Auto Crash

One young woman was killed and six others injured slightly to seriously at an automobile collision about 12:30 o'clock Monday morning at the intersection of the Elmhurst road and Route 58. In one car were Miss Marie Gerling, 2543 South Keefer avenue, who expired at the DesPlaines Emergency Hospital about 30 minutes after the accident; her brother, Arthur Gerling, whose injuries were slight; Mr. and Mrs. Jack Novak of the same address, he being seriously injured and his wife slightly; and Miss Leona Heath, 2556 Palmer street considerably hurt. In the other car were Gordon Wille and Frank Traube, both of DesPlaines, whose injuries were not serious, consisting mostly of cuts about the face.

The injured were taken to the DesPlaines Emergency Hospital under direction of state highway policemen, Hugh Donnelly and Felix Lewis. The cars, a Chandler and a Buick were torn apart by the crash, one completely upside down.

NEW LOWER GAS RATES IN EFFECT

Adjustments Being Made In Home Equipment to Burn New Gas

Beginning Wednesday, October 15, the lower rates for gas service as ordered by the Illinois Commerce Commission, went into effect. The new rates will bring a reduction to customers of the Public Service Company of Northern Illinois amounting to approximately 5 percent on gas used for cooking and other domestic purposes and approximately 30 percent on gas used for heating homes.

The introduction of new gas into the system of the Public Service which was the basis for the reduction in rates, will begin shortly, according to E. J. Larkin, district manager. The company has made careful preparations for adjusting the equipment of its customers to burn the new fuel and anticipates completing conversion of the entire territory served to the new fuel within the next six weeks. Proper adjustments are being made on each customer's premises by the company's own service men without any charge to the customer.

"We have had a number of inquiries from customers," said Mr. Larkin, "asking if the reduced rates would be in effect in time to install gas heating equipment this season. Fortunately, the announcement that the reduction on house heating becomes effective immediately enables customers to secure this fuel under the reduced rate for this winter."

JEWELRY STORE ROBBED DURING THE NOON HOUR

G. H. Wilke Loses Cash, Diamonds and Watches

The G. H. Wilke Jewelry Store, in the Vail-Davis building, Arlington Heights was entered sometime between noon and 12:30 o'clock Thursday and robbed of over \$500 worth of diamond rings and watches. The cash register and safe were opened and \$115 is missing.

Mr. Wilke locked his store when he went to dinner. Upon his return he found a salesman in front of his place who told him that it was not necessary to reach for his door keys as the place was open. Mr. Wilke discovered the loss at once and called Chief Skoog. The salesman allowed himself to be searched and claimed that he had arrived at the place about 12:30. Other people in the neighborhood noticed nothing unusual.

It is believed to be the work of some local person as valuable jewelry was overlooked and from the appearance of the remaining stock, the goods taken were grabbed hurriedly. Small change was left in the cash drawer. The loot comprised five boy wrist watches and seven large diamonds.

Presbyterian Men's Club Presents Live Speaker Tonight

"Detour—Road Under Construction" is the subject at the Presbyterian Men's club tonight, at the dinner, to start at 6:30 in the big parish hall dining room. Rev. E. Leslie Shaw, minister at Wheeling, whose live wire talk captivated his audience at the recent Diamond Jubilee, is to bring a store of interesting ideas concerning the times in which we are now living.

The quartet will sing, and the usual excellent dinner will be served. All men of the community are invited. Volley ball will be played in the gymnasium after the meeting.

M. E. Men's Club Elects Officers

Officers of the Methodist Men's club for the coming year were elected Monday evening as follows: Mr. Raymond Hayes, president; Mr. S. E. Pate, vice president; Mr. John Sayers, secretary and treasurer. A good turnout is reported, and plans made for another profitable year. The schedule of meetings was changed to Tuesdays instead of Mondays. The next meeting will be next Tuesday night, Oct. 20, at 8 o'clock, at the Church parlor.

Barvington Chevrolet Agency Makes Good Start

G. W. Zander opened a Chevrolet agency at Barrington two weeks ago under the firm name of Gordon Motor Sales. Mr. Zander reports that he sees no reason why Barrington will not develop into a great Chevrolet town as Arlington Heights. Seven cars have been sold there this month.

DEATH CULVERT CLAIMS VICTIM AS FREQUENTLY

Local Ambulance Makes Another Call; Horrible Accidents

Sixth at least in a series of automobile accidents at the death culvert on the north side of Rand road, a few rods east of Arlington Heights road, occurred about 7:50 o'clock Wednesday night. Four persons have been killed at this place according to the memory of Art Lauterburg, local Ambulance owner, yet there is no warning sign at the place nor anything else done about it.

Going southeast, the Rand road makes a bend to the south without warning, especially on a dark, wet, misty night, and just ahead of the bend is a culvert over a big ditch, for the driveway into the Niemeyer farm.

Henry Buchholz, about 48 years of age, a salesman for Ford and Lincoln cars, was headed for Chicago in a Lincoln Wednesday night, which was dark and foggy, and as he approached the bend, saw only another car coming from the opposite direction with blinding headlights. Then the crash into the culvert. The engine of the car was knocked into the seat, and Buchholz was pinned in back of a broken door in which his broken leg was caught.

The Lauterburg & Oehler ambulance came, but due to the extreme suffering of the patient, it was not until a physician arrived and administered a hypodermic, that they were able to tear the car apart to extricate him from the wreck. He was taken to Mt. Prospect hospital, both legs broken, and possible internal injuries.

Three persons were killed in a big Chrysler at this same place a few months ago.

A week ago, a car struck the culvert about 3 a.m., the driver of the car being alone, was a prisoner, his feet caught between the pedals, until rescue came about 6 a.m.

How many more deaths, wrecks and agony must there be before there is some protection at this death trap?

Barrett-Dunton Club History Recalled at Delightful Party

About thirteen years ago, Mrs. Nancy Barrett, who, during her young womanhood resided in Arlington Heights, conceived the idea of inviting some of her old friends and acquaintances to spend "a day in June" with her and her three daughters in their beautiful and spacious home on West Washington boulevard, Chicago.

At this initial reunion about twelve guests, all women, were present. After a bountiful luncheon, a short program of old time songs, readings and reminiscences followed.

Since 1926 these meetings have been held in the Barrett home at 225 South Grove street, Oak Park, and each year since 1918 Mrs. Barrett has hospitably entertained many of the original group to which others have been added as she has permitted her guests to invite others who might like to attend. So the number has grown till at the last annual meeting, September 26, fifty-nine were present.

Mrs. Barrett was guest of honor, sixty-four guests, some of the second generation, were served.

After dinner the company was seated in the parlors to listen to a short program. Among other numbers, Dr. Draper gave two readings or declamations as he said they used to be styled, one of them his father recited at a meeting of the Arlington Heights Literary society many years ago. They were greatly appreciated by the audience and brought down the house.

After an hour or two the guests reluctantly dispersed, some of them declaring they had never before had such an enjoyable time.

'HARVEST DAY' RELIEF PLAN IN ARLINGTON

How Each Can Help On "Hallowe'en" Told by Local Committee

We all know there was much relief needed last year in our village to prevent great suffering among our own people on account of the existing business conditions. This year the need for relief is even greater. Without aid, the condition of some of our citizens this winter would be indeed desperate and appalling.

The Arlington Heights Relief Committee has appointed October 31 at "Harvest Day." On this day we ask you to contribute what you can in the way of wearing apparel and food and bring such donations to the addresses given below.

The Committee ask that you carefully go through your attics and store rooms and bring to light any wearing apparel which you can spare which may be used by man, woman or child. Bring these clothes on Harvest Day to the second floor of the People's Bank building.

We appeal to the farmers in our vicinity and to any villagers who may have vegetables and fruits to give to this cause, and ask that they bring this produce on Harvest Day to the store room of Klehm's Nurseries.

We understand that Harvest Day will be safe day among our local merchants. On that day, we will have the opportunity to purchase canned goods and other goods at sale prices, so we may easily each donate a can of food stuffs without feeling the strain. The Relief committee ask that you bring these canned goods and groceries, home preserved fruits or vegetables, jellies, etc. to the Vail-Davis building.

These donations or food and clothing will be held and distributed among the unfortunate where the need is the most urgent.

This call is not for help to people at a distance, to which calls we have always so generously responded in times of disaster, but for much needed aid right here in our Village of Good Neighbors.

Let's make October 31, "Hallowe'en," a real Harvest Day.

From inquiry of the local Relief Committee, it appears that Arlington Heights folks are not making any special drive this week, but will work out the local problem with strict regard to local conditions.—Editor.

The new minister at Diamond Lake is Rev. H. S. McKeown.

New Precinct in Elk Grove

Mr. William Busse explained to those present that due to the growth of precinct two in voting strength, it was necessary to divide that precinct. Over seven hundred votes were cast in that precinct at a recent election. The Northwest highway is the dividing line between precinct No. 2 and the new precinct, which is No. 3. The Northwestern railroad station has been designated as the polling place for the new district.

The executive council is composed of the precinct committee and one member from each school district in the township. In precincts Nos. 1 and 2, regularly elected committeemen are included, but as there has never been a committeeman elected for the newly formed precinct Mr. Gustave Anderson was appointed as its representative upon the executive board.

Each of the newly elected officers gave a short talk and Mr. Busse told of the historic account of Elk Grove that was in the process of formation, which would record the early history and growth of the community.

Each person present was asked to introduce himself by announcing his name. This was followed by a social gathering and the enjoyment of refreshments.

The formation of this club is considered important at this time, it is for the best interest of Republicanism that a regular organization should sponsor the political ideals of the community. In place of putting politics into a community, it is taking politics out of a community as all of the Republican voters will have a voice in the party affairs of the township.

Similar clubs in other townships are a possibility and will be formed if the Republican inclined voters desire such action.

Arlington Heights Lost to
DesPlaines in Close
Game 7 to 0

The Arlington Heights football team were defeated 7 to 0 by the Des Plaines Elk's in a very close game Sunday at the South side ball field.

It was a thrilling game from start to finish, Arlington having two good chances for a touchdown when they had Des Plaines on their 2 yard line at one time and about the same another time, but they failed to score.

"Rox" Bolte caught a forward pass and was but one step from a touchdown when he caught it, but slipped in the mud, lacking about one foot for a touchdown.

It seems that the Arlington team outplayed the visitors, for example in first downs (Arlington 13) (Des Plaines 5). It was a tough game to lose but Arlington are out to win and it is certain that the breaks will not be against Arlington all the time.

The local team have a squad of 22 men and are now being coached by Mr. H. Hefferman, who no doubt is a very able man for that position.

Arlington will meet the Tioga A. C. of Bensenville Sunday, Oct. 18, at Arlington Heights new south side field. This, no doubt, will be a real battle. Bensenville will be out for revenge Sunday. They have a squad of 20 this year and Arlington will have to play real football to win.

Sunday, Oct. 25, the Arlington's will travel to Highland Park. Last year, Highland Park beat such teams as the Chicago American Peaches, Jefferson Park Bulldogs, and many other strong teams.

Come out and see the local boys in action, you are sure to see a real game next Sunday at the South Side Field.

MRS. SARAH E. PAINTER
OF NO. VAIL STREET, DIES

Mrs. Sarah E. Painter, who has been for some time in the home of her daughter, Mrs. Frank Dobbin, on North Vail avenue, passed away Sunday morning at 1:30 o'clock, after several weeks of lingering illness, aged 72 years, 9 months and 24 days.

Mrs. Painter's husband died several years ago at their old home, Pasco, Illinois. She had seven children, twenty-seven grandchildren and six great grandchildren.

The family left here Monday this week to take the worn house of clay for interment at her old home where the funeral attended by Des Plaines will occupy another office room, associated with the Arlington Realty company.

ARLINGTON HTS

Good time to get your cisterns filled.

Mrs. Louis Meyer of Fort Wayne has been the guest of Mr. and Mrs. Percy Hertel, here to attend the wedding of her niece, Ethel Hertel.

One crossed Africa on a motorcycle, another sang for celebrities abroad, another really knows about young people now-a-days. See Community Program Series.

Mrs. William Meyer Weber entertained the Social Five Hundred club in her home Thursday this week.

Mrs. Walter Helgesen and her baby with a friend from Wisconsin were guests of the George Petersons and George Peterson, Jr., Thursday last week.

The R. J. Buckleys have moved from the West Hawthorne street place to the Jahrling bungalow on South State Road.

Miss Elinor Redeker entertained seven of her girl friends at the Redeker farm Thursday afternoon last week to a hamburg fry.

Mrs. George Harris and Margaret spent the week-end with her parents, Mr. and Mrs. Otto Rexes at Des Plaines.

Mr. and Mrs. John F. Pfingsten have put in a busy vacation season and I'm sure a happy one, remodeling their residence into a two apartment place. They now have ample rooms below for their occupancy and a well fitted modern apartment above now occupied by Mr. and Mrs. Herbert Olson. The wise way one skilled workman conserved his holdings to beat unemployment.

Dr. E. W. Bauman attended the Cancer clinic in Cook County hospital last week Thursday and Friday.

The Old Time Mother's club met with Mrs. Paul Taage Thursday last week. They are busily planning a Hallowe'en party for that date to be given in the home of Mrs. Will M. Weber.

The children of Mr. and Mrs. George Zanders of North Dunton avenue, are quarantined. The card reads: diphteria.

Mrs. Roy Dobkins and Mrs. D. G. Beatty drove over to Oak Park to visit the J. Y. Beatty family, Monday.

Mr. and Mrs. George H. Goodspeed are now occupying the former home of E. C. Helzon, North Haddow avenue. Mr. Helzon is another skilled workman who has utilized the unemployment season in building a home for himself on North Highland street next to the home of his daughter, Mrs. Ernest D. Laufer.

Miss Marian Peterson was hostess to the Ceesa club in her home on South Chestnut avenue Thursday last week. The company planned to give a Progressive supper and hiking trip Friday, early evening. They will start out at Scarsdale, south side and end their hike at the home of the George Petersons, Jr., North Dunton avenue where they will bring well whetted appetites to a well prepared supper.

One crossed Africa on a motorcycle, another sang for celebrities abroad, another really knows about young people now-a-days. See Community Program Series.

One crossed Africa on a motorcycle, another sang for celebrities abroad, another really knows about young people now-a-days. See Community Program Series.

Mrs. John Berchtold, who is in the Northwest hospital, is reported to be gaining hopefully.

Mrs. A. F. McElhose drove up to Wisconsin and took her parents, Rev. and Mrs. Reimer to their home in Wisconsin, where she plans to be nearer Mr. Cuny's business.

Mrs. McWharter and her daughter, Miss Mabel, who have been guests in the home of her son, Mr. C. E. McWharter and family the first fortnight, left for their home in Kentucky, Thursday this week.

Dr. Paul Salisbury and Miss Ethel Ransom, R. N. of Chicago, were dinner guests of Dr. and Mrs. E. W. Bauman, last Wednesday evening.

Mrs. Dorothy Harris, who has been for some time an invalid in the home of her parents, Mr. and Mrs. George Peterson on North Dunton avenue was cheered by a happy surprise, her recent birthday, when the Coosa club came in with a birthday cake lighted by candles and choice refreshings for the company, just like the "Good Cheer" sisters they are for Mrs. Harris.

Betty Jane Dibley of Evanston spent the week-end with her Grandparents, Mr. and Mrs. D. B. Dibley, on North State road.

Snow apples, extra eating, baking. Market basket 35c, 25c; picked for keeping, 50c; bu. \$1.00. Extra good pears, 6 lbs. 25c. Bring basket, 903 N. Dunton. (10-16-31)

Miss Mathilde Welinski was home from her duties as nurse from St. Frances hospital, Saturday.

The Dorcas aid met Tuesday evening to plan for their supper and sale to be given in the near future.

Mrs. Charlotte Robinson and her sister, Miss Isabel Jarvis, after spending the summer months in their cottage here, have returned to their home in Chicago.

The Garden club met Wednesday night at the home of Miss Laura McElhose, 507 N. Evergreen street.

Mr. and Mrs. Fred Kreft, Mr. John Kreft and Mr. Frank Kreft, all from Yetter, Iowa, left Tuesday after a week's visiting around with relatives around Arlington Heights. They came to attend the funeral of Mr. Fred Nebel.

Mrs. Wm. Harth and Mrs. Peter Thomas very pleasantly entertained the members of the Gleaner's circle of the M. E. Ladies' aid at the Harth home to a luncheon Thursday.

The Standard Bearers of the M. E. church met with Miss Dorothy Kopplin, Monday evening.

Mrs. Alfred Chidley has not been as well as her friends would like to see her this week.

Henry Hartman entertained his Pinocchio club at his home Thursday evening of last week.

Woman's club October 21. A joint program with the Palatine Woman's club "Woman's Movements in the Orient" by Mrs. H. E. Coleman of the Japan American society. Music, Mrs. Ned Jayne, piano with a skilled violinist from Chicago last Saturday.

Miss Katherine Dibley entertained her friend, Miss Caroline Garrell of St. Louis, over the weekend. One of the pleasing parts of their visit was attending the big Notre Dame football game in Chicago last Saturday.

Miss Helene Gieseke, daughter of Mr. and Mrs. F. W. Gieseke was married yesterday to Mr. Elroy J. Winkelman, son of Mr. and Mrs. Herman G. Winkelman of Arlington Heights. The Rev. C. M. Noack, their pastor, solemnized the sacred rites. The marriage was beautifully arranged in the home of the bride's parents. Details will be given next week.

One crossed Africa on a motorcycle, another sang for celebrities abroad, another really knows about young people now-a-days. See Community Program Series.

One crossed Africa on a motorcycle, another sang for celebrities abroad, another really knows about young people now-a-days. See Community Program Series.

Mr. and Mrs. Hastings, Clifford Crane and sister, Doris, motored to Dubuque, Ia., Sunday.

Mr. and Mrs. Theo. Cuny and little grandson, have gone to Chicago to be nearer Mr. Cuny's business.

Mrs. McWharter and her daughter, Miss Mabel, who have been guests in the home of her son, Mr. C. E. McWharter and family the first fortnight, left for their home in Kentucky, Thursday this week.

Notice—The Dorcas Aid of St. Peter's church will hold their sale and supper a five o'clock in the basement hall of the church, October 29. They will have on sale selected garments, fancy work, and articles suitable for gifts. Don't forget the date, October 29. Supper, 5:30, baked ham and other choice dishes.

Mrs. Dorothy Harris, who has been for some time an invalid in the home of her parents, Mr. and Mrs. George Peterson on North Dunton avenue was cheered by a happy surprise, her recent birthday, when the Coosa club came in with a birthday cake lighted by candles and choice refreshings for the company, just like the "Good Cheer" sisters they are for Mrs. Harris.

Mrs. J. T. Erickson was hostess for the Five Hundred club Thursday afternoon in her home on East Hawthorne street.

Mrs. Charles Pavel is looking forward to having her mother, Mrs. Wm. Tesch; her sister, Mrs. Klemm, and children from Wheeling; and her sister, Mrs. Katz, and family from Des Plaines, to help her celebrate her birthday Sunday, October 18.

Mrs. E. A. Elfeld is expected home from the east this week-end.

The Dorcas aid met Tuesday evening to plan for their supper and sale to be given in the near future.

Mrs. Paul Taage entertained the Mother's club at her home Thursday of last week.

The Garden club met Wednesday night at the home of Miss Laura McElhose, 507 N. Evergreen street.

Mr. and Mrs. Fred Kreft, Mr. John Kreft and Mr. Frank Kreft, all from Yetter, Iowa, left Tuesday after a week's visiting around with relatives around Arlington Heights. They came to attend the funeral of Mr. Fred Nebel.

Pilgrim Families Found in Arlington

Interesting news to many descendants of Eli Skinner, Revolutionary war hero to whose memory D. A. R. erected on Aug. 25, a monument in Elk Grove cemetery, is the fact that they are "Mayflower descendants." None less than Elder William Brewster is the ancestor of a number of well known Arlington Heights people, and of branches of the family who have moved west.

The line of descent is as follows, as found by the Herald reporter at the Newbury library in Chicago:

Mayflower Descent

Elder William Brewster was born during the last half of the year 1656 or the first half of 1657. The place is not known, but supposed to have been Scrooby in Nottinghamshire, England. His father, William Brewster, was appointed by Archbishop Sandys, in January 1575-76, as receiver of Scrooby, and bailiff of the manor house in that place, belonging to the archbishop; to have life tenure of both offices.

Elder William Brewster, one of the Pilgrim Fathers, had a rich and interesting personal history. He is generally known as one of the characters in "The Courtship of Miles Standish" by Henry W. Longfellow. His wife's name was Mary.

His eldest son was Johnathan Brewster, who came over in the ship "Fortune," in November, 1621. He "married" Lucretia Oldham, of Darby, the 10th April, 1624. Johnathan Brewster died in Connecticut, Aug. 7, 1654, and was buried in the Brewster cemetery at Brewster's Neck, Preston. His wife, Lucretia, died Mar. 4, 1678-9. Johnathan Brewster "was born at Scrooby in Nottinghamshire, England, on August 15, 1593, year."

Johnathan's second child, Mary, April 16, 1627, married "John Turner" born April 16, 1627, married "John Turned of Situate the Elder." John being the son of Humphrey Turner whose wife was Lydia nee Garner. The Turners lived in Scituate, Mass.

From John Turner was descended Micah Turner, soldier in the Revolutionary war and father of Abigail Skinner nee Turner, wife of Joel Skinner, son of Eli the Revolutionary fifer. Abigail Skinner was the mother of Mary Luinda Skinner (Mrs. John Whiting); Eli Nims Skinner; Laban Turner Skinner, Harvey and Joel.

Among the Brewster descendants in Arlington Heights are Mrs. Duncan MacNaas, Mrs. Grace Lorenzen, Miss Gertrude Lorenzen, Mrs. George M. Kost, and son, Merlin Dale; Mrs. Clark Thurber, Miss Ella Thurber, Mrs. Henry Higgins, Mrs. George Hughes, Mrs. Lincoln Crane, Mrs. Minnie Beaumont, Mr. Elmer Crane, Mrs. Wilbur Goodrich, Mrs. Harold Hastings, Miss Doris Crane, Mr. Clifford Crane, Mrs. Arthur Wiese, Master James Arthur Wiese; also through Patience Prewster, sister of Johnathan Brewster, Mrs. Violet Evans, Mabel Harvey, Brewster and David.

Descendents of John Alden and Priscilla John Howland, and Peregrine White (born on the Mayflower) all living in Arlington Heights, could also be listed; probably enough to start a chapter of the Society of Mayflower Descendants here.

Old Symbol of Power The fasces on the United States dime is not used as a symbol of Rome, but because it was an ancient symbol of power which has been used in artistic designs for centuries. The head is that of Liberty.

OBSERVER'S NOTES

October's glorious days are here. Come, who will line a note of cheer? If any robbing lifting strain, Comes gaily dancing o'er my brain; How can I catch its merry tune? It ends in jollier notes too soon, Depression crushes us, 'tis true, It's time now to demand and do!

If we crouch down under the first blow of failure, where are we? 'Tis folly to sit and doze and say things will come all right by and by. They come all right only when we are doing our part to make them right.

How do you suppose the potatoes are turning out? One thing about them—there are plenty of eyes, they don't need to hire any watchmen. Nonsense aside we saw out money enough to give Peddler Jim a dollar for a bushel of potatoes and good ones they were, too. My! but we feel rich over having them.

To be sure we are a government "O! the People, for the People, by the People" and we are not living up to it? We put men into office in civil and religious affairs. We vote for them or a few do, the majority do not and then O how they do trouble about our heads of government.

Our taxes, our assessments, our banks, who knows why "this is thus"? A government of the people, by the people, for the people—a few of them, the others go about asking why? It seems as if it would be better if the Lord wiped us all off the face of the earth and let us begin over anew.

Heads of good things in the world and many good people doing fine unselfish things for others. Why your minds dwell on the wrongs, best way is to do something yourself to overbalance the evil. There's so much bad in the best of us and so much good in the worst of us—quit finding fault.

So our thoughtful ex-president doesn't choose to lay a straw in the way of Mr. Hoover's second term. Never mind, Mr. Coolidge is a good sort and I hope he knows when to let well enough alone. He is wise enough to know Mr. Hoover has occupied a most unenviable position; has been blamed for things he had no part in and come off as any mortal could. With blame fired at him on all sides.

So our "Cal" made a sacrifice for Hoover's sake, now wasn't that nice?

He said this time he wouldn't choose.

Yet later on might not refuse; That was a nice piece Calvin wrote, Just what it meant I cannot quote, Neither could our R. H. L.

He said he'd write and make him tell.

O yes, indeed 'twas a nice piece, With so much per each words increase.

So they are trying to destroy our good "citizen" Mr. Wm. Busse's peace of mind and well earned rest by heaping more official duties upon him. There is no better man could be sent to represent us in Congress than Mr. Busse. He does well all in his line of duty. His record is already a monument to his conscientious efficiency. It is regretted we have not many more of his type deserving the place.

Some kind friend has just been reading to me O. O. McIntire's description of "The Most Interesting Corner in the World," the Cafe-Du-Dome in Paris. It's enough to make one dizzy to read of our Americans going over there and acting up like that! Why not see America first, and keep your self-respect. Oh, I know, American tourists have made the French the richest nation on earth. But after getting in such a mess as McIntire describes, I should think they would need to come home and take a course of embrace.

Here is a group of our best Americans who had a delightful motor trip to see some of the beauties and interesting scenery not far from home: Mr. and Mrs. R. H. Jahns, Mr. and Mrs. Paul Hoffman and Mr. and Mrs. Louis Rizner. They visited in the region of Reck-

ford—Eagle's nest, made famous by Margaret Fuller; the wonderful statue of Black Hawk on the cliffs, by the Sculptor artist, Lorado Taft; a wonderful picturesquely region well worth visiting.

Old time parties seem to be more and more popular. Why not let us "middle class" people whirl in and get up a party of our newer citizens, just to show them we are a real "City of Good Neighbors" even if your arrival in Arlington Heights doesn't date back to the mud road, plumbeous age, why not be tolerant and courteous to our new arrivals?

New Horizons! New friends, newer, broader views of life, here they don't need to hire any watchmen. Nonsense aside we saw out

money enough to give Peddler Jim a dollar for a bushel of potatoes and good ones they were, too. My! but we feel rich over having them.

To be sure we are a government "O! the People, for the People, by the People" and we are not living up to it? We put men into office in civil and religious affairs. We vote for them or a few do, the majority do not and then O how they do trouble about our heads of government.

Our taxes, our assessments, our banks, who knows why "this is thus"? A government of the people, by the people, for the people—a few of them, the others go about asking why? It seems as if it would be better if the Lord wiped us all off the face of the earth and let us begin over anew.

Heads of good things in the world and many good people doing fine unselfish things for others. Why your minds dwell on the wrongs, best way is to do something yourself to overbalance the evil. There's so much bad in the best of us and so much good in the worst of us—quit finding fault.

The Aster blossoms fade and go. So very brief has been their stay; In other years they used to show Their sheaves of beauty many a day.

In purple shades of lavender, In roseate tints like the wild rose, On pale blue tints that breezes stir, Where grass as green as April's grows.

The golden rod but sparsely spread, Its clustered wreaths all golden bright;

To some it brings a fever dread, Who see the golden blooms with fright.

White frost flowers lie in snowy heaps,

Over the long lush grasses green; Her nectar bottles Gentian keeps, Shyly along the way unseen.

Ah well! 'Tis foolish to repine, Since flowers and loved ones yet will be,

In God's own way, not yours or mine,

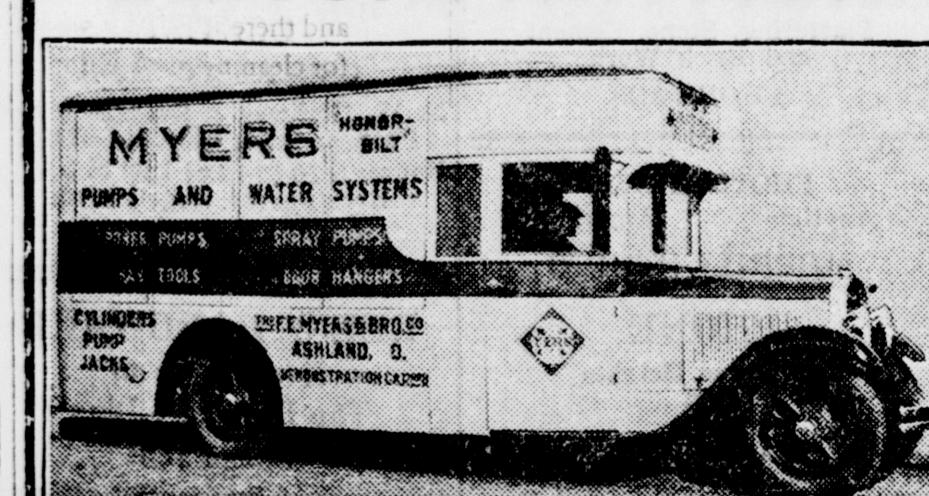

Restored again to you and me.

Mountains in the clouds, gardens in the clouds. However, just a minute, for what an Arlington Heights man has done this summer, yes, our first movie man, Mr. Otto Heiman, has so moved the earth soil near Arlington as to produce wonderful crops of vegetables and especially luscious melons, and with all these excellent products of his garden, Mr. Heiman has generously shared with his neighbors in town.

In our next! we hope to tell of the Northern lights spread in the north, one night this week. The world mystery of the ages also to tell of rose petal strewn gardens in the clouds, and our majestic mountain chains. A dear poet lady gave us a pretty four line filler at the Club Wednesday. Here is a poem about our mountains in the clouds. In haste:

Our mountains lift each lofty crest, Circling our blue domed horizon; We are not taxed we're not assessed On mountain clouds in Arlington.

"The Eagle of the Sea" as Powder River Jack named our Lindbergh, is coming home under sad

MYERS
WATER SYSTEM
DEMONSTRATION

By special arrangement with the manufacturers of Myers Water Systems the Myers Demonstration Truck with different types of Myers Water Systems on display and in actual operation will pay us a visit on Saturday, October 17

This will afford anyone who is interested in running water for the home or farm an excellent opportunity to obtain first hand information as to how easily and how reasonably running water at the turn of a faucet can now be had for toilet, bathroom, kitchen, laundry; for stock watering, machine washing, sprinkling and fire protection.

DEMONSTRATION STARTS at 10:00 A. M. and will continue throughout the entire day. A representative direct from the Myers Factory will be here to answer your questions, and if you desire will assist you in selecting a water system for your home or farm.

Drop in any time—You will be welcome

LOCAL HAPPENINGS

After the regular stated meeting of the Eastern Star, October 22, there will be a cake walk, to which the public is invited.

Miss Lucile Noyes of Dixon, Ill., was the guest of Mr. and Mrs. Ashton, Stonestage, for several days this past week.

The Science club of the High school, accompanied by their advisor, Mr. Thomas Wilson, made a field trip to Chicago, Saturday. They visited the Aquarium and then went to the Field Museum to listen to a very fine illustrated lecture on Burma.

The hard time party given by the Seniors of the High school Friday night, was quite a success, especially in view of the fact that now the "Freshies" are all duly initiated.

Mrs. Emma Kosmin, who, several weeks ago, underwent quite a serious operation in St. Francis hospital, Evanston, is doing very well now. She is riding about in a wheel chair and hopes to return home about Sunday.

Mr. and Mrs. Wm. C. Muller and daughter, Lorraine, together with Mrs. "Billy" Porter and her little girl, Carol, left last Sunday, motorizing to Las Vegas, New Mexico, where they expect to spend two weeks with Mr. Muller's daughter, Mrs. Adeline Erb.

How surprised Mrs. Henry Franke was Saturday evening when about twenty-four friends and relatives, mostly from Chicago, came to her to celebrate another birthday. These folks came in spite of the bad weather and they didn't come empty handed either, they knew that a good time can always be had when you feed that "innerman" well. We hope Mrs. Franke will have lots more happy birthdays, too.

Week-end guests at the Moodie home were Mrs. Moodie's cousin, Mr. Albert Seibt, and his two children, and his sister, Miss Luella Seibt, from Fort Wayne, Ind.

Bob Mueller of Euclid avenue was home from Kenyon college in Ohio, for the week-end. Bob took in the Northwestern-Notre Dame game in spite of the downpour of rain.

The Fidelis circle held their meeting at the home of Mrs. Blackburn, Thursday evening.

Mrs. Carl Heuch of Stuart, Florida, spent a few days last week with her cousin, Mrs. J. Edwin Nelson.

The Girl Scout committee met at the home of Mrs. Patrick Thursday evening. This was the first meeting of the year and plans for the coming year were discussed.

Mrs. Charles Poulsen is still confined to bed after about three weeks of illness. Mr. Poulsen reports that she is better but must still keep pretty quiet.

Mrs. E. J. Lloyd, formerly of Scarsdale, now of Chicago, spent the day Tuesday with some of her old friends in Arlington Heights. She attended the Friendly class meeting in the afternoon.

Folks in Scarsdale have new neighbors, Mr. and Mrs. Walwork have come from Chicago and purchased the Lloyd home. They just moved in on Saturday. We hope they like our town and will sell it to their friends.

Mr. Otto Schwartz has been to New York for the past week on a business trip and during his absence Mrs. Schwartz has had her mother, Mrs. George Sebastian, staying with her.

Mrs. Estelle Stroeb, who has been spending the summer with her daughter, Mrs. M. H. Browne of Scarsdale, left Thursday for her home in Hermosa Beach, California. We hope Mrs. Stroeb has liked our town so well that she'll come back for another summer soon.

After quite a prolonged illness Mrs. Wm. Wickham reports that she is feeling much better, although she is still unable to go out.

Mrs. Thomas and Mrs. Wm. Harth, entertained the Gleaners' circle at a luncheon at Mrs. Harth's home, Thursday.

The Women's Foreign Missionary society of the Methodist church met at the home of Mrs. Wm. Kelo. Wednesday afternoon Mrs. Walter Lennartson gave a report of her recent trip to Detroit where she attended the Northwest branch meeting of the Women's Foreign Missionary society.

Mrs. Otto Nickel went back to the Post Graduate hospital in Chicago Tuesday, where she expects to stay another week or ten days to recuperate from her recent illness, and the shock she suffered from the loss of her little boy. We certainly hope her recovery will be a rapid one.

Good Buys in Used Cars

WE OFFER THE FOLLOWING CARS, EVERY ONE OF THEM GOOD BUYS

Studebaker Sedan \$60.00
Nash Coupe \$150.00
Oakland Coach \$150.00
Pontiac Coupe \$125

These cars are ideal for the man who needs an auto for his work or as a second car for the family

Phil Engelking Motor Sales

Phone 701

Friends in Arlington Heights will be glad to know that Mrs. E. A. Elfeld has returned to Arlington Heights once more. Mrs. Elfeld just returned Wednesday morning from quite an extended trip to Delaware. She is missed when she runs off on these little trips, but we all wish we could do it, too, sometime.

At least some people are forgetting depression. A new house is going up in Scarsdale. Yes, that's one way to defeat "Depression."

Mr. Julius Stahmer's rock garden at the Altenheim is now landscaped with evergreens and other shrubs and plants, and presents a beautiful appearance from the highway.

The Arlington theater front is getting a new coat of white stippled paint, done by Dick Fredericks.

BEHRENS FAMILY GATHERING

A big family gathering was held all day Sunday, Oct. 11, at the home of Mr. and Mrs. Gustav Behrens on Hintz road, between Arlington Heights and Wheeling.

Guests present were Mr. and Mrs. Ed. Behrens; Mr. Albert Behrens, and Mr. and Mrs. Frank Martens of Chicago; Mr. and Mrs. Henry J. Behrens, Gleason, Wis.; Mrs. Margaret Kretlow, Mrs. Henry Grob, Miss Luella Behrens and Mr. Raymond Behrens, Evanston; Mr. and Mrs. Henry Wulf, Martin Wulf, and Mrs. Emma Grewe and daughter of Wheeling; Mr. and Mrs. Richard Hornman, Mundelein; Mr. and Mrs. Fred Zerzan, Uptown; Mr. and Mrs. Herb Bitter and daughter, Park Ridge; Mr. and Mrs. E. R. Williams and daughter, Arlington Heights; Mr. and Mrs. V. C. Turner and family, Maple Park; Mr. and Mrs. Webb, Glenview; Mrs. Glazel and daughter, Chicago; Mr. and Mrs. Henry Macbean, Des Plaines; Miss Nathalie Spriggs, River Forest; Miss Hattie Vogelsang, and Mrs. J. Russell of Arlington Heights.

Catholic Choral Society Visit Former Members

Mrs. Elizabeth Wagner and Marie Kaller warmly received the members of the St. Cecilia Choral society, at the Wagner home in Barrington, when they arrived Wednesday, Oct. 7, in reply to an invitation.

After the usual "chs" and "ahs" were uttered over the unusually and truly delightful home, the guests were drawn immediately to the round of Hallowe'en pleasanties prepared for them by their hostesses.

Later in the evening refreshments were served at a table pleasantly laid in Hallowe'en style and complemented by a large inviting cake setting in the center of the table—and bearing the words "Welcome Choir." Neither were the goblins, black witches and cats missing, but were permitted to add their individual October touch to the delightful whole.

Mr. August Toussaint, president of this society, delivered a few words in the name of the choir, which bespeak the desire of a similar invitation in the near future, and which the hostesses charmingly extended, when the guests reluctantly took their leave.

This Testing System Keeps an Eye on Your Battery

Few motorists realize the necessity of testing the charge of a storage battery at regular intervals.

"This point is one of the important features of our Willard service to motorists—testing each cell of the storage battery," says Mr. Elroy Winkelman, of the local Willard service station.

"Each cell should be tested periodically at a battery service station. As the specific gravity of a battery, testing the gravity with discharge, testing the gravity with a hydrometer keeps a check on the state of charge of the driver's battery. Each cell should be tested individually and a record made of the readings taken at the time of test.

"There is no season of the year when the testing of the battery should be neglected. In the winter time the battery should be tested to see that the state of charge is high enough to keep it from freezing and in the summer time the battery should be tested so that it will not be ruined by excessive charging.

"A definite record is taken, when we test a battery of the specific gravity of each cell, written down in the presence of the car owner on a test card supplied him. Any variation in subsequent readings would be an indication of trouble, either in the battery or in the electrical system. The prompt removal of the trouble will save the motorist time, annoyance and money. Testing is done for the customer's protection."

South Side Breezes

Mr. and Mrs. John Dobbins of Northfield took dinner Sunday with Mr. and Mrs. George Dobbins. They called on Mrs. Frank Dobbins, whose mother passed away Saturday evening.

Mrs. Calvin Hoyt spent Tuesday in Chicago visiting Mrs. George Kolath.

Guests at the home of Mr. and Mrs. A. G. Hasemann Sunday, were Mrs. Stange and sister, Mrs. Geo. Miller, and brother, Mr. Stange, all of Park Ridge.

The "Thoughtful Eight" surprised Mr. Karstens Sunday night, it being his birthday. A jolly good time was had as is always true when that group meets.

Mr. and Mrs. Otto Landmeier, Rev. J. H. Ellerbrake, Mrs. Arthur Giesecke, and Mrs. A. C. Cavanaugh, attended the Arlington Regional Evangelical conference at Lake Zurich, Friday.

Mr. and Mrs. Harry Niebur were surprised Tuesday evening by a group of friends who called upon them to welcome the bride to the community. The friendly spirit of these friends of Mr. Niebur should help to make Mrs. Niebur feel at home.

Burton Bilharz of Waukegan was a week-end visitor of his cousin, Bobbie Richards.

Mrs. Jos. A. Wisersky enjoyed a visit Wednesday from her mother, Mrs. Branch, and sister, Miss Branch.

Little Gordon Allison now has the chicken pox. His sister, Margaret, is back in school.

I. D. Allison, Ruhm phosphate salesman, had a narrow escape Tuesday, when his car skidded on the slippery pavement and overturned near Dundee. Mr. Allison has a bruised shoulder but will be on the job again as soon as the kinks are straightened out of the car.

Miss Bernice Perrin, who is employed at the Central Republic bank in Chicago, enjoyed a pleasant holiday Monday. The employees were entertained at the Kildare Country club at Long Grove.

Joseph Zikmund spent the weekend in Indiana and saw the Purdue-Illinois game Saturday.

Mr. and Mrs. Victor Peccia and Jimmy, drove Friday to Manitowoc, to visit Mr. Peccia's sister. Mr. Peccia returned home but Mrs. Peccia and Jimmy remained for a longer visit.

Mr. and Mrs. Victor Baxster and Mr. and Mrs. Fred Utterback and Billy Dean went to Mundelein Sunday to see the Model Farm. An interesting place to go for the housewife gets splendid ideas in home decoration along with an insight of the many electrical appliances.

Mrs. Alfred Johnson entertained relatives from Glenview and Niles Center Tuesday evening. Nice kind of folks to entertain for they brought good things to eat.

North School Notes, Arlington Heights

Officers of the Eighth grade of the public school, elected last Friday, are Myrtle Thomas, president; George Garland, vice president; Cerie Burdick, secretary; Anita Svetanoff, treasurer, west room; and Melvin Gaare, treasurer, east room.

Give Columbus Play

The North school fifth grade presented a play, "Columbus" in 3 acts, at their room Monday, dramatized by Miss Oberreuter, teacher of the room, and presented by the pupils in the presence of about 15 mothers. Ruth Bird took the part of Queen Isabelle; Vane Folkman, King Ferdinand; Howard Heller, Ralph Salisbury, and Laddie Podzimek, the part of Columbus in each one of the three acts; others took the part of sailors, courtiers, etc. Evelyn James told the story of Columbus. The actors spoke spontaneously from their study of history.

Football

The football team is to play Crystal Lake at the Arlington Heights high school grounds, this (Friday) afternoon at 4:30 o'clock.

Band

Mr. Daniel Mason, band director, reports that sufficient new candidates have been secured to make a band of 32 to 34 pieces.

Miss Ethel Hertel Bride in Beautiful Church Wedding

In spite of a continual deluge, the marriage of Miss Ethel Hertel, daughter of Mr. and Mrs. Percy Hertel of Arlington Heights; and Franz Koehler, son of Mr. and Mrs. Wm. Koehler of Des Plaines, was one of the most beautiful of the autumn weddings. The ceremony was read by Rev. H. A. Kossack at the First Presbyterian church of Arlington Heights, Saturday, October 10, at five o'clock in the afternoon.

The bride, given in marriage by her father, chose a simple and beautiful dress of soft ivory velvet made along fitted with a cow neck-line. Her veil, clasped to her head with a tiny wreath, was made up of yards and yards of white French net and fell in graceful folds. She carried a large arm bouquet of Gardenias and lilies of the valley bowed with ribbon, which Mildred Thal caught at the moment of the couple's departure.

The bride's attendants, Mildred Thal, of Arlington Heights, as maid of honor, and the bridesmaids, Lorraine Muller, of Arlington Heights, and Helen Koehler of Des Plaines, wore dresses of transparent velvet, of brown and russet tones, and carried round bouquets of yellow tea roses.

Mr. Koehler was assisted by his cousin, Richard Koehler of Buffalo, New York, as best man, and by Carl Hammer, also a cousin of the bridegroom, and by Fred Hertel, brother of the bride, who acted as ushers.

The wedding was a lovely one with palms and colorful baskets of fall flowers lending to the simple dignity of the ceremony. The favorite wedding march from "Lohengrin" was played and "I Love You Truly" was sung by Mr. Paul Ward of Mt. Prospect.

Immediately after the ceremony followed the reception and wedding supper given in the church parlors. The table decorations were most attractive, every other table being lighted by a flame colored candle imbedded in a mass of autumn flowers. About one hundred guests attended the wedding supper, an later many of them departed to the home of the bride's parents.

The out-of-town guests included Mrs. Henry Ashbury of Buffalo, New York; Mr. Ernest Hertel of Los Angeles, California; Mr. and Mrs. Frank Schramm and daughters, Irene and May, of Crystal Lake; Mr. and Mrs. Harry Sator, Mrs. Hilda Paust, Mr. Paul Paust, Mrs. C. Dierck, Mrs. Hertel Edsdoer, Mr. and Mrs. Fred Dierck, Mr. Louis Pensold, Miss Marjorie Hellelos, Mr. Brooks Whipple, Miss Myrtle Meyer, all of Chicago; Mr. and Mrs. Paul Schramm and Mr. and Mrs. James Rust, Mr. and Mrs. Sam Marzullo, of Park Ridge; Mr. Louis Smith of Palatine; and Miss Maud Meyer of Ft. Wayne, Indiana.

The old adage is "Happy is the bride the Sun shines on," but a happier pair could not be found than this one which dashed amidst a shower of rice out into the pouring rain headed for a motor trip through the south.

After November 1, Mr. and Mrs. Franz Koehler will be at home to their many friends, 542 Lee street, east room.

The bride grew into womanhood in Arlington Heights, was a graduate of the Grammar and High schools, an accomplished pianist, popular in home and entertainments. Since her graduation she entered into a position with the Evening American of Chicago.

Mr. Koehler is a graduate of Knox college, a member of the Lambda Chi Alpha fraternity, and now editor of the Des Plaines Sunbury Times.

The beautiful decorations in the church were furnished by the courtesy of the Flynn-Gable florists.

We join with hosts of friends in clouds of good wishes for Mr. and Mrs. Franz Koehler and may all their clouds have silver linings.

Franklin's Last Home

A house built before 1765 by Benjamin Franklin in Philadelphia was in a court which came to be called Franklin place. Having used so many of his days in travel, when he was forced to rent or room, Franklin spent his older days in this house of his own and died there. He had it enlarged in 1785 so that he had three stories, and a large apartment intended for the meeting of the American Philosophical society, of which he was president.

The old adage is "Happy is the bride the Sun shines on," but a happier pair could not be found than this one which dashed amidst a shower of rice out into the pouring rain headed for a motor trip through the south.

After November 1, Mr. and Mrs. Franz Koehler will be at home to their many friends, 542 Lee street, east room.

DIV. THREE SCHOOLS HOLD LIVE MEETING

Exhibits Show Advanced
Teaching Methods; Laud
Northbrook School

URGE MUSICAL ORGANIZATIONS

The teachers' meeting of Division Three rural schools in Northern Cook county, held at Northbrook, Friday, Oct. 9, was considered by many as the best meeting ever held in the division.

Mr. Otto F. Aken director of education over the entire division, encouraged the teachers to have a musical organization in each school; and with the demonstrations given by the following schools, proved that it can be done: Chorus group from the Glenview and Northbrook schools; Harmonica chorus from Sharp Corner; Band in Northbrook school; Teachers' quartet.

In three-fourths of the schools in the division are found either a band, orchestra, or vocal choruses of some kind, and it is hoped that by spring there will be a musical organization of some kind in each; even a rhythm band is appreciated.

County Superintendent E. J. Tobin gave an excellent address on: "Are the schools responsible for the present depression, if so in what way?"

Mr. Moore, state supervisor of high schools, delivered an excellent address upon the subject: "The value of the small high school to the community." His argument for the small high school was indisputable.

The value of Silent Reading was clearly set forth by Agnes Humberg in her discourse and the teachers appreciated it very much. She gave Mr. Aken a list of silent reading material for the teachers.

Irene Hynes explained an excellent project for teaching geography and had on display an excellent exhibit.

Myrtle Rugen displayed a poster showing several school home project pictures she took this summer while visiting the pupils in District 30.

Mr. Heffernan, who succeeded Mr. Byrd, in the office of assistant County superintendent of schools, and who is editor of the Achievement Magazine, gave some excellent advice to teachers and pupils in regard to the achievement work; and their advantage in publishing the news from their school and their project stories in the magazine.

Mr. Moore from Division One, in his usual good natured manner, appeared on the program and gave some valuable advice for all present.

We were welcomed to Northbrook by Mr. Watson in his usual affable manner, and we are sure that he, the teachers, the P. T. A. and the janitors of the Northbrook school did all they could to make our meeting pleasant and profitable and to them we all extend our sincere thanks," stated Mr. Aken afterwards.

"We enjoyed the menu placed before us by the high school waitresses under the supervision of Miss Mason. The cafeteria was certainly beautiful and so much better than last year. The editor should make a trip thru this school and note all the great advantages it affords and then write a real story, it would be quite interesting and helpful to other schools.

One number that received the greatest ovation of all on the program was that of the physical "ed." boys in their exhibition under the direction of Raymond Etherton.

The program read as follows:

Northbrook Welcomes Teachers of
Division Three

Again Northbrook welcomes the teachers and principals of Division Three. We have selected a few classes in which we think you may be interested in the short time you are to spend with us visiting classes. For your information the following classes will meet for visi-

tation from 9:00 to 10:00 a. m.
Primary Unit
Room 101—First Grade, Community Life project.
Room 103—First Grade, Farm First project.
Room 102—Second Grade, Safety project.
Room 203—Third Grade, Indian project.

Intermediate Department
Second Floor
Room 202—Fourth and Fifth grades Health project and Health notebooks; World Book Reference notebooks.

Room 201—Sixth Grade, Teaching Opera—Appreciation, Literature, Sight-Reading.

High School Department
Room 104—Eighth Grade, Art Correlated with Biology.

Room 106—Seventh Grade, American History Laboratory plan; Library—Basement floor, Eleventh Year English, Dramatization of Scene from Merchant of Venice. Kitchens—Domestic Science, High School girls.

Shop—Manual Training, High School boys.

Northbrook Auditorium
Morning Session, 10:15 a. m.
Music by Northbrook Public School band, Daniel Mason, director.

Welcome—Norman E. Watson, principal Northbrook Public school; Music—Glenview School Chorus; Jessie Stevens, Director.

Music—Sharp Corner Public School Harmonica Band.

Music—Northbrook Gypsy Chorus.

Stunts—Northbrook Tumblers.

The Geography Project—Irene Hynes, Golf school.

Silent Reading—Agnes Humberg, Lincoln School, Niles Center.

Announcements—Otto F. Aken, Lunch, Northbrook School Cafeteria, 12:00.

Afternoon Session, 1:15 p. m.

Address—E. J. Tobin, County Supt. of Schools. Subject: "Our Schools—Depression a result of our teaching or not."

Address, "The Value of the Small High Schools to the Community"—R. L. Moore, State Supervisor of High Schools, Springfield, Illinois.

Luncheon Provided by Northbrook P. T. A.

Menu
Baked Ham or Fish Salad
Escaloped Potatoes
Buttered Beets
Sliced Tomatoes
Southern Style Ginger Bread
With Whipped Cream
Rolls and Butter
Coffee or Tea

Special Warnings
Due Children in
Late Afternoon

From 5 to 6 o'clock in the afternoon is the most dangerous hour of the twenty-four for children so far as traffic accidents are concerned, according to the accident prevention department of the Chicago Motor club.

"Thirty and one-half per cent of all deaths and injuries to children under 15 years of age in Chicago during 1930 occurred during this hour," declared Charles M. Hayes, president of the club, in making an analysis of a recent survey by the motor club of child accidents.

"The next most dangerous hour is from 3 to 4 p. m., during which period 11 per cent of all traffic accidents to children occur," Mr. Hayes continued. "The third most dangerous hour is from 4 to 5 p. m. More than 10 per cent of all accidents occur then. If parents would stress the fact in children's minds that the afternoon is the most dangerous period of the day, a material reduction in accidents might be effected."

Saturday is the most dangerous day of the week for children, inasmuch as nearly one-fifth of all accidents to children are recorded on that day. Other facts established by the motor survey follow.

Nearly 50 per cent of all accidents to children occur elsewhere than at intersections. This finding indicates the necessity for urging children to cross streets at intersections only.

The most dangerous period in a child's life is from 5 to 9 years of age, inclusive. More than one-half of all accidents involving children under fifteen years happen to youngsters from 5 to 9 years old.

The motor club conducted its survey in conjunction with statistics of the Chicago police department.

An Exception
A scientist says that insects never cross. But how about the political bee and the straddle bug?

We enjoyed the menu placed before us by the high school waitresses under the supervision of Miss Mason. The cafeteria was certainly beautiful and so much better than last year. The editor should make a trip thru this school and note all the great advantages it affords and then write a real story, it would be quite interesting and helpful to other schools.

One number that received the greatest ovation of all on the program was that of the physical "ed." boys in their exhibition under the direction of Raymond Etherton.

The program read as follows:

Northbrook Welcomes Teachers of
Division Three

Again Northbrook welcomes the teachers and principals of Division Three. We have selected a few classes in which we think you may be interested in the short time you are to spend with us visiting classes. For your information the following classes will meet for visi-

Our Schools

MAPLESIDE SCHOOL, DIST. 77

Harold Dohe, Editor
At our achievement meeting Sept. 25, the following officers were elected: President, Violet Finke; secretary, Mildred Grischow; treasurer, Laura Dohse; vice president, Helen Kuecker.

We have 29 pupils enrolled this year.

Lorraine and Bernice Butenschoen, who formerly went to Orchard Place school, have enrolled.

We have sent for our library books to do our library reading.

We had 27 pupils who were neither absent nor tardy during September.

Mrs. Lawlor, our teacher, visited at Mr. and Mrs. Emil Dohse Tuesday evening to hear our orchestra rehearse and take their lesson.

Our 6 primary pupils this year are: Carl Horn, Hazel Utes, Blanche Dohse, Oliver Dohse, Wesley Bork and Alvin Rieker.

On our honor roll chart it is marked with red stars and blue stars. We don't like the red stars because we know what it means. So far some of us didn't get any and some did.

We are getting ready for our achievement meeting which will be some time next month. Our orchestra will play at that meeting.

The girls washed our windows Friday noon and decorated them with Jack o' Lantern faces.

We had our achievement meeting Friday afternoon and adjourned at 3:30 with the Cook county yell.

We must congratulate our primary pupils for not getting one red mark, meaning an honor to them.

The girls do sewing the last period Friday afternoons. The larger boys do woodwork and the smaller pupils draw.

MAPLE SCHOOL, DIST. 30

Editor, Olga Wandrek
We elected officers for our Achievement club. Ralph Dehne, President; Herbert Dettman, vice president; Evelyn Dettman, secretary; Albert Hari, treasurer.

We are to have a ball game with the Rugen school girls next week.

For drawing we are making art books in which our drawings will be kept.

For science we planted different seeds. The oats we planted came up very well; but the ones appointed to water them forgot. So they wilted and died.

RIVER ROAD SCHOOL, DIST. 78

Lillian Harnack, Asst. Editor

Our upper room has 23 pupils. The primary has 26 pupils. This gives us a total of 49 pupils in our school.

Friday evening, Oct. 23, at 8 p. m., River Road school will hold their annual evening Achievement meeting. Our meeting will be followed by games. Admission 25¢ including lunch. Everybody come and help our Achievement club, a good time guaranteed to all.

Forest View School
Achievement Meeting
Oct. 23, Improvements

Forest View school (Dist. 56) on the south side of Arlington Heights on South State road, is to hold an "Achievement" meeting Friday evening, Oct. 23, at 8:15 o'clock. The girls are making a bed spread and dresser scarf that will be sold that evening. Refreshments will be served free.

A slide and parallel bars as playground equipment were set up last week, and made good use of by the children.

The school has been beautified by two new pictures which the pupils earned by selling magazine subscriptions: "The Age of Innocence" and "Can You Talk?"

Other pictures put away in a closet unused have been brought to light and hung.

Three girl pupils are attending a Mount Prospect school, a class in home hygiene taught by Miss H. Jackson, Mr. Lester Sonn, teacher of the Forest View school, is on the alert for anything that will better the school work and atmosphere.

Mr. Callahan, our new director of education visited our school twice. Mrs. Flynn, our nurse, visited us twice. The second time she examined us she said we were in a very good condition. She praised our

BRUNS SCHOOL, PALATINE TWP. IN NEW STUNT

Hot Luncheons Decently Served and Eaten; Mar- ried Teachers' Idea

school for good condition of teeth. The boys wish to thank Mr. Czajkowski for letting them use a lot under our school house for a ball diamond.

We wish to thank Mrs. Newman for kindly donating candy at the beginning of the year. Each room cleared over \$1.00 that day.

Our school has a candy store. Mrs. Raven, our teacher, buys the candy for us and we sell it. The profit we make goes to the Achievement club. Since school started our Achievement club has saved about \$15.

The 7th and 8th grade girls are making two patchwork quilts, one a sunflower and the other a basket pattern. The 5th and 6th grade girls are making pillow cases, curtain tie backs, towels, dresser scarfs to be sold at our Thanksgiving bazaar.

Editor, Harry Van Dyke

Mr. Aken visited us Wednesday. We didn't have school Friday because Mrs. Allison attended the teacher's meeting.

We have drawing every Friday. Harry Van Dyke celebrated his thirteenth birthday, Sunday.

The lower grades use their "Weekly Readers" every Friday. The seventh and eighth grades read "Current Events."

The fifth and sixth grades made Wheat and Forest notebooks.

Billy Milbourne and Norman Runge brought their horseshoes to school. Now the boys play horseshoes every day.

We had two arithmetic tests, one for the fifth and the other for the eighth grade. The fifth and sixth grades had a test in Health.

We held our Achievement meeting Monday.

We received our report cards Monday.

Preparations are now being made for our Achievement meeting and for our Achievement meeting to be held in the first week of November. Watch this paper for further announcements.

DEER GROVE SCHOOL DISTRICT 12

The Achievement club of the Deer Grove school, wishes to announce that its annual evening Achievement meeting will be given October 29. The school is located on Ela road near the intersection of the Dundee and Northwest highways.

DIST. 23 HAS KITCHEN

District 23, northeast of Arlington Heights, under the leadership of Mrs. V. I. Brown, has followed the above practice for a year and has a complete kitchen and equipment, all furnished by the directors of an appreciative district. On one occasion the girls and Mrs. Brown prepared a rabbit stew, from a rabbit killed by one of the boys on his way to school.

Such evidence of the enthusiasm of some teachers for the welfare of the children placed under their care is most refreshing in this age of trying to "just get by" doing the minimum to hold their jobs; and the interesting thing is, that the teachers who are doing the extra work outside their regular teaching are married women.

Something to think about, eh?

KITTY KORNER SCHOOL DISTRICT 14

La Verne Haldeman, Editor

We now have an enrollment of 31 pupils.

A meeting was called on Sept. 25, to elect our achievement officers: Elmer Laufenburger was elected president; Sidney McManaway, vice president; Lorraine Cooper, secretary; and La Verne Haldeman, treasurer.

Our party and basket social was fairly well attended. We made a net profit of \$24.25.

The directors have had a new fence built around the school yard a new pump added to the well, six new desks, all of which have been put on skids and four new electric lights have been put in the school room.

Mrs. Callahan visited our school Oct. 2, and examined the pupils.

MR. SUPPLY MEET MR. DEMAND — MR. NEED MEET MR. HAVE IN THE CLASSIFIED COLUMNS

HIGHWAY CONTRACTS ARE BLOCKED

Prevailing Wage Law Is Held Unconstitutional; Await Final Word

Springfield.—Notices that all payments on \$4,700,000 worth of state

construction work will be held up pending the Supreme court's ruling on the prevailing wage law case, telegraphed by state officials to contractors with work underway or about to start, warned that those who proceeded with the projects do so at their own peril. This was necessitated by Attorney General Carlstrom's interpretation of Sangamon county court's decision that the prevailing wage law is unconstitutional. Highway contracts

affected total \$4,500,000 and \$200,000 worth of institution building construction contracts were underway or about to start.

Officials in charge of state construction have expressed the hope that the Supreme court may render a decision during its October session, in order that the delay may be

ended as soon as possible.

Work has been halted on widening of the Busse and Rand roads between Des Plaines and Park Ridge, pending the decision of the Supreme court of the State, as to the validity of the prevailing wage law.

Carlinville, Ill., Oct. 9.—Gov. Louis L. Emmerson today expressed the hope that the State Supreme court would pass upon the constitutionality of the prevailing wage law at this term of court, so that highway construction work, now at a standstill, may proceed without further delay.

Speaking at the Blackburn bridge dedication near here, the Governor stated that legal entanglements involving the new law had stopped all progress on \$12,000,000 worth of road projects, and might delay seriously the start on next year's \$23,400,000 construction program. Road building, he said, is an essential factor in relieving unemployment.

"In the meantime, taxpayers' suits challenging the validity of the prevailing wage law had been filed in the Sangamon county circuit court, and, on Sept. 23, the circuit court declared the law unconstitutional. When the court's decision was handed down, construction was proceeding rapidly on the \$4,500,000 worth of projects then under contract, and the department had \$3,554,000 in projects that were about to be placed under contract, and \$3,800,000 worth of projects on which it was ready to take bids.

"With the law declared unconstitutional, and an appeal taken to the supreme court, the highway department was at a loss as to how it should proceed, and sought the advice of the attorney general. An opinion has just been received from him, in effect, stops all highway work under the prevailing wage law. Altogether, approximately \$12,000,000 worth of road work was halted as a result of his opinion, pending final decision on the constitutionality of the law by the supreme court.

"It is unfortunate, especially at this time, when the state was making every effort through its highway department to do its utmost to aid in relieving unemployment, that it should have to mark time. On the contracts let since July 1, there would have been 3,250 men employed, and the other work which is held up would have given direct employment to 5,200 more.

"While the attorney general's opinion was given to the highway department, his ruling undoubtedly also will affect in a similar manner millions of dollars worth of county, townships, city, village, school board, sanitary district and other public work throughout the state.

"Had it not been for the unavoidable delays due to the operation of the prevailing wage law, despite the highway department's conscientious efforts to obey it, the highway department this year would have constructed an additional 200 miles of state bond issue pavement.

"However, time that has passed cannot be retrieved, and now we can only hope that the constitutionality of the law can be determined speedily so that the highway department can place under contract this fall and winter the major portion of the 1932 road program. If this can be done, some winter employment will result, and an early start in the spring would be assured, and approximately 24,000 men would be given work on about \$32,400,000 worth of road projects. The 1932 program, should it be possible, will be placed under contract by March 1, next."

"Since no new contracts can be let on highway or other public work, according to the attorney general, until the supreme court has announced its decision, the importance of prompt consideration of the constitutionality of the law cannot be overemphasized."

Beautiful Island

The island of Sark, which has been called "a pearl set in a sapphire sea," is renowned for its natural beauty. It has been the inspiration of poets, among whom were Swinburne and Victor Hugo. There are huge rocks over which the sea breaks wildly, perpendicular cliffs and weird caves. The island appears, in fact, to be a veritable Garden of Eden of which any woman would delight to be queen.

Taking Chances

The man who depended on winning a fortune in the sweepstakes has another scheme now. He hopes to marry for money.

NOTICE

To Home Owners

Why pay out of town roofers two prices for inferior goods. We handle the best grade of roofing and shingles and will put it on your roofs at a lower cost or better quality than these fly-by-night roofers who are here today and gone tomorrow. All we ask is a chance to figure your job. We have real roofers to apply this roofing and will guarantee our roofing and work. Also if you want to build a House, Barn, Garage or any kind of a building, will give price on complete job. This means everything a modern home contains. Ask for estimates.

Emil Geest
Aptakisic, Ill.

HEAVIEST MILKING HERDS RETURN \$23 MORE ON EACH COW

Urbana, Ill.—Added returns of \$23 a year from each cow have been obtained by owners of the best herds in a Madison county dairy herd improvement association as a result of their having maintained high and efficient production, according to a report of the past year's test which Farm Adviser T. W. May has just sent to the College of Agriculture, University of Illinois, which sponsors these associations.

The ten highest producing herds in the association averaged 10,541 pounds of milk a cow, containing an average of 368 pounds of butterfat with an average value of \$16. The average feed cost for each cow was \$91, leaving a return above feed cost of \$75 for each cow.

The contrast, the four poorest producing herds in the association averaged only 7,634 pounds of milk a cow, containing 261 pounds of butterfat with an average value of \$11. The average feed cost for each was \$67, leaving only \$52 a cow as the return above feed cost. This was \$23 less than the return in the highest producing herds.

Even the in-between herds which ranked eleventh to twentieth in the association averaged \$17 a cow less than the best herds. The average production for each cow in these in-between herds was 8,724 pounds of milk containing 366 pounds of fat with an average value of \$134. The average feed cost for each cow in these herds was \$76, leaving only \$58 as the return above feed cost.

POOR ECONOMY TO WASTE EVEN CHEAP FEED, NEVENS SAYS

Urbana, Ill.—Feed will never be so cheap this winter that it will not be expensive to waste it, says Dr. W. B. Nevens, associate chief in dairy cattle feeding at the College of Agriculture, University of Illinois.

Experiments which he conducted for five years showed that waste of silage resulting from spoilage at the surface may be prevented by covering the silage with one layer of single-ply roofing paper and some kind of an inert insulating material.

The paper may be covered with sawdust, ground limestone, dried earth or any other material which will give a weight of 10 to 15 pounds a square foot. When silage was treated only small amounts spoiled at the surface about eight inches from the wall.

If the farmer has only one silo for which he is going to start feeding right away, it will not be necessary to put on the covering, but if the silo is to stand for several weeks or months, the plan will pay.

Trouble from mouldy silage may be largely eliminated if the silo walls are tight, the corn contains enough moisture and is finely cut.

"Had it not been for the unavoidable delays due to the operation of the prevailing wage law, despite the highway department's conscientious efforts to obey it, the highway department this year would have constructed an additional 200 miles of state bond issue pavement.

"However, time that has passed cannot be retrieved, and now we can only hope that the constitutionality of the law can be determined speedily so that the highway department can place under contract this fall and winter the major portion of the 1932 road program. If this can be done, some winter employment will result, and an early start in the spring would be assured, and approximately 24,000 men would be given work on about \$32,400,000 worth of road projects.

The 1932 program, should it be possible, will be placed under contract by March 1, next."

"Since no new contracts can be let on highway or other public work, according to the attorney general, until the supreme court has announced its decision, the importance of prompt consideration of the constitutionality of the law cannot be overemphasized."

Palatine Splashes to Victory

Coach Megel's Palatine Pirates splashed through a sea of mud and a pouring rain at Bensenville to their first grid iron victory of the season last Saturday when Bensenville was vanquished 6-0. It was a game filled with fumbles and blocked punts. Palatine played the smarter game and was content to punt and await the breaks of the game which are always many under adverse weather conditions.

Palatine's victory drove home the fact that superior punting can win football games just as well as open field running, line smashing and forward passing. It was the educated toe of "Gene" Meyer, Palatine fullback that made a Palatine victory possible. His fourteen punts were good for 406 yards and an average of 29 yards while the best Bensenville could do was 181 yards on thirteen kicks for an average of 14 yards. Every exchange of punts meant a 15 yard gain for Palatine. Meyer handled the slippery ball in a remarkable manner and kicking kept the ball deep in Bensenville territory during the first three quarters of the game.

It was after several scoring opportunities in the first quarter within the Bensenville 25 yard line that Meyer got off a nice kick down on the ten yard line. Bensenville's attempt to kick out of danger was partially blocked and sailed wildly to one side of the field where Palatine recovered on the eight yard line. This was the break Palatine had been waiting for and Meyer plowed through Bensenville's line for a touchdown on the third play. The attempt to plunge from the two yard line for the extra point failed.

Following their touchdown the Pirates played a defensive game electing to punt on first or second down and keep the ball in the Bensenville end of the field rather than risk fumbles which might prove costly. Meyer's superior kicking kept the Palatine goal out of danger until late in the fourth quarter when a 15 yard penalty on Palatine and a 25 yard forward pass by Bensenville gave the Johnson coached eleven a first down on the Pirates five yard line. Here it was that the Palatine forward wall demonstrated that they are one of the best lines in the conference for they held four downs on the six inch line and gained possession of the ball as the game ended.

Statistics of the game show that Bensenville made five first downs and gained 108 yards from scrimmage while Palatine had no first downs and but nine yards gained from scrimmage when their losses were subtracted from their gains. But what do first downs and yardage from running and pass plays amount to when they are in your own end of the field and when the opposing team has a husky blond fullback who can wipe out all your gains with a few swings of his toe? Palatine showed a net gain of but nine yards from scrimmage but it is interesting to note that eight yards were made when they counted to score the winning points.

Lester Hendren and Douglas Thime played an outstanding game in the Palatine line. Hendren blocked two punts and recovered two fumbles as well as making some good tackles. Thime was a power on defense and paired with Wagner at tackle, held Bensenville to little yardage through the right side of the line. Hartman made some splendid tackles and showed that he is as good as ever in his first game following an injured

Racine Mil. A. at Antioch.

Ankle. Zinn played left guard in the absence of Matthei and held his own despite the fact he has played football but one week.

The game was played under the worst imaginable conditions. Rain fell in a steady down pour through out the contest and neither team could get started in the mud which was ankle deep in some parts of the field. Before the game was over nearly half the field was under water and resembled a hog wallow. The players were so covered with mud that they could hardly be recognized. It is safe to say that both teams could have given a better account of themselves on a dry field yet Palatine would still have had a big edge on the punting.

Lineups

Yards gained on running plays: Palatine, 9; Bensenville, 73.

Yards gained on passes: Palatine, 0; Bensenville, 35.

Penalized: Palatine, 30 yards; Bensenville, 5 yards.

Punts: Palatine, 14; Bensenville, 13.

Punts blocked: By Palatine, 3; by Bensenville, 0.

Total yardage of punts: Palatine, 406; Bensenville, 181.

Average yardage of punts: Palatine, 29; Bensenville, 14.

Longest punt: Palatine, 45 yards; Bensenville, 30 yards.

Census Figures

The enumerators under the census law are instructed to enumerate persons at "their usual place of abode"—that is, at their permanent home or regular lodging places. Thus it happens that the business or industrial population of any large city includes a considerable number of persons who are not counted as part of the census population of the city, their residences or lodging places being outside the municipal limits.

F. P. Thompson—M. D.

Specialist on Eye, Ear, Nose and Throat

Dr. F. P. Thompson at 39 S. State St. in Chicago has a large practice and the people have come to know that for the best treatment of the Eye, Ear, Nose or Throat they can depend on Dr. Thompson who has a large practice and has aided many on the way to correct vision and greater efficiency; has complete stock of the latest styles in frames.

Dr. F. P. Thompson enjoys an enviable reputation both among the people of this part of the state and in the professional circles, both of which attest to his ability and experience.

He has made a thorough study of the eye and can readily tell you

all about the history of eyesight and why glasses are so prevalent today. Eminent scientists and students of the advancement of the race have realized that man in the long ago did very little reading and was accustomed to see long distances. With the invention of printing and the sudden popularity of the press, the motion picture and harmful drinks, came an eye strain on the race that required adjustments of the eyes and this in most cases requires glasses. While many eyes are only slightly strained yet glasses are necessary for the correction of the trouble and the protection of the eye.

He renders a very comprehensive service. He makes a scientific and accurate examination, finds what kind of glasses are needed and then prepares them in the laboratory. He secures from the factory the very best of good glass, has the most accurate equipment and a complete line of frames from which to make a selection. His experience, education and equipment place him in a position to practically insure you that you will have absolute eyesight ease.

In this edition of our progress we are glad to compliment him upon the high standing he enjoys in the professional and business world and to refer him to all of our readers. Central 1646.

City Exterminating Co.

Largest in Chicago. Approved Office Training

Located at 417 N. Wells St. in Chicago, is the leading Exterminating firm in this section and carries at all times a most complete equipment for the extermination of Bed Bugs, Roaches, Moths, Insects, Ants, Silver Bugs, Rats, Mice, Crickets, Wood Lice and Fleas.

How necessary it is to have in our midst an up to date exterminating firm that affords the buying public a medium where they may be assured of instant services as no contract is too large or none too small. Under the personal direction of Mr. H. F. DeLange, established 19 years. No signs of any kind on service cars. Reference from leading business houses, banks and hotels. White-X Roach Powder for sale.

The modern and progressive woman demands that the choice of stock carried for her convenience in this respect be replete and at this establishment this detail is one of the most important features of their business. This fact the public has realized and as a result this firm numbers among its customers people from all walks of life.

It has become known for miles around as the prominent exterminating firm.

It would be impossible to give an adequate idea of the immense stock carried here, but let us say that no department has been slighted and the people of this community are taken care of in such a way as is seldom found in any city. Taking care of every little detail has been one of the

MUSIC FESTIVAL SURVIVES THE DEPRESSION

Tie Championships, Costly Trophies Things of The Past

The annual meeting of the Northwest Conference heads was held at Wauconda last week Wednesday, when Old Man Depression was given a whalloping by Young Economy. The only round that went to Old Depression was the decision to cancel the speech and dramatic contest. Economy won all others. For a time it appeared that the annual music festival might also be thrown overboard, but the executive board found a way to cut costs and that event, which will be held May 16, 1932, will probably show a profit this year. Tie athletic championships and double expensive trophies were given a hard drubbing and finally thrown in the scrap heap. There will be no ties in athletics hereafter and the trophies will be more modest and more in keeping with the sportsmanlike spirit that wins them—the purpose of a trophy is of greater importance than its size and the appearance it might make in a trophy case.

The election of officers was as follows:

President: L. O. Bright (Antioch).

Vice president: G. C. Butler (Palatine).

Secretary: S. E. Baker (Franklin Park).

Treasurer: V. I. Brown (Arlington Heights).

Chairman of Executive Board: H. E. Underbrink (Libertyville). A delightful although somewhat belated banquet was given at 7:30 o'clock and was attended by 50 people. The first topic submitted for discussion was the annual music festival. There was a deficit on the festival last year, and it was very doubtful whether or not this year would see any festival at all. It is evident that the weather, expense of music, and lack of transportation greatly influenced the attendance to the festival last year. In this consideration, a committee of music advisors and executive board members of the conference met at Libertyville Wednesday evening when the decision was made to hold the conference as usual and fixed May 16 as the date for the event. Economies to be affected this year are expected to make a saving of at least \$200. Each school participating will be expected to pay for its own music. The conference will appoint one person to buy and distribute all music on signed orders from the various schools. The big problem of the music festival seemed to have been the question of the selection of players from the various schools. There are two courses that can be followed, viz: the selection of the best players in the entire conference, thereby making the music festival the supreme musical event of the year; or a prorata selection from each school. A number of plans were presented, but the entire matter was left in the hands of a music committee, of which Mr. Bright, of Antioch, is the chairman.

A committee consisting of Messrs. Smith of Barrington, Baker of Franklin Park, and Thompson of Gurnee has been chosen to plan a conference field or play-day for girls.

County Commissioner Homer J. Byrd's plan to clean up the river in the Des Plaines Valley district is highly reflected in this particular locality, but his efforts toward this end are nullified by the sewage which empties into the river from the adjacent towns. Every Waltonian should do his best to bring to a reality Commissioner Byrd's idea for a sewage disposal plant and the manufacture of fertilizer from the residue.

The Waltonians proceeded onward, discovering and learning more and more about this attractive valley region. After disposing of many crows, they departed for home with memories of the many improved changes in the Forest Preserve.

DEATH TAKES CHRIST KATZ, EX SOLDIER

Impressive Services Led
by Prospect Post,
1337, V.F.W.

Christ Katz, member of Prospect Post No. 1337, Veterans of Foreign Wars, answered roll call for the last time Friday, Oct. 9, 1931.

He was born July 14, 1888 at Des Plaines, attended the Immanuel Christian Day school and was also confirmed at that school. His death came suddenly, having been found dead in bed when called at 7 o'clock in the morning by his sister, Clara. Mr. Katz had spent some time at the Speedway hospital, undergoing an operation during his stay there.

He served in the World war in France one year with Co. L, 322 Infantry and rendered distinguished service in the St. Mihiel-Verdun drive.

Commander Quinn of Veterans of Foreign wars was in charge of the funeral. The veterans in their trim khaki suits were twenty in number. The deceased was also dressed in his V. F. W. uniform.

His buddies consisted of the firing squad, pallbearers, flag bearers and color guards. The services at the Lautenberg and Oehler chapel at Des Plaines, was conducted by the Rev. O. C. A. Boecler of Immanuel Ev. Lutheran church of Des Plaines. Three solos were sung at the chapel. The chapel had been filled to capacity, many standing in the hall and listening to the services. The V. F. W. colors stood at the head and foot of the coffin and were guarded by sentinels.

With police escort, the funeral moved on to the Lutheran cemetery on Rand road, where the last services of Prospect Post No. 1337 were performed, after the prayer by Reverend Boecler. Members of the Des Plaines American Legion Post No. 36 were present also.

After a very touching address by Commander Quinn, who spoke of the dead buddy and the service he rendered his country, tributes of floral pieces, three in number, were placed on the coffin by the veterans. The song, "Sleep, Soldier, Sleep," was sung by Prospect Post V. F. W. quartette. The firing squad under the orders of Commander Quinn then fired three volleys over the grave. A bugle then sounded in the distance followed by another farther away, and the coffin was then lowered into the grave. Many floral pieces surrounded the casket.

He leaves to mourn three sisters and four brothers. He also leaves many relatives and friends in Mt. Prospect.

C. & N. W. Woman's Club to Consider "Racket" vs. Music

The story of the music of Chicago's bombs will vie with the baritone selections of Mr. William Benson at the meeting of the Chicago and North Western Railway Women's club to be held Wednesday, October 21, at 2:00 p. m. in the club rooms at 506 West Washington boulevard.

"Racketeering," a talk on Chicago's gangland and its methods by Thomas Quin Beesley, co-author with Gordon Hostetter of the well known book "It's a Racket," an expose of Chicago's gangsters, will be given, and Mr. William Benson will sing a program of selected songs.

The program will follow the business portion of the meeting scheduled for 2:00 p. m. Mrs. A. J. Anderson of 154 North Parkside avenue, Chicago, is chairman of the Hostess committee. She will be assisted by Mrs. J. D. Dovey, Mrs. B. R. Meyers, Mrs. W. F. White, Mrs. W. R. Williams, Mrs. W. F. Whittingham, Mrs. R. F. Welsh, and Mrs. D. Mulcahy.

AN ANNOUNCEMENT

The Cook County Farmers' Mutual Insurance company wish to announce to all their members and patrons that after October 15th, they will have their office at 723 Pearson street, Des Plaines in the Bishop building, and hereafter all insurance business and matters will be transacted there instead of at the home of the secretary, Mr. Geo. Steil, as was previously done.

Dislikes Fish Pictures
We'd rather be wrongly suspected of lying than have our picture taken with a fish—Toledo Blade.

Come to Church Next Sunday

ST. JAMES CATHOLIC CHURCH

Rev. John T. Wagener, Pastor
North State Road
Masses Sunday, 7:30, 9, and 10 a. m.

The Mass at Palatine is at 9 o'clock every Sunday. Week day masses, 8 a. m. Holy days of obligation, masses, 5:45 and 8 a. m. Confession on Saturdays, days before holidays and Thursday before first Friday, from 3 to 5:30, and 7:30 to 9 p. m.

FIRST METHODIST CHURCH

N. Dunton and St. James
Rev. Samuel Taylor, Minister

Sunday school, 10 o'clock. Classes for all ages.

Morning worship, 11 o'clock. The pastor will preach. Sermon subject, "Increase Our Faith."

Epworth League, 6:30 o'clock. The young people are cordially invited.

Tuesday
Men's club, 8 o'clock in the church parlor.

ST. JOHN'S EVANGELICAL CHURCH

S. S., 9:30; service, 10:30.

Sunday, Oct. 18, English service and Rally day program in the Sunday school. We would be very happy to see every member of our Sunday school present. Bring your parents and friends with you.

During the afternoon the Sunday school convention of the Arlington Heights circle will be held at Palatine, St. Paul's church, Rev. J. C. Voeks.

Tuesday, Oct. 20. The brotherhood will meet in the basement of our church at 8 o'clock. Everybody cordially invited. New members welcome.

FIRST PRESBYTERIAN CHURCH

Rev. H. A. Kossack, Minister

Morning Worship at 11 a. m. The sermon subject Sunday morning will be "Twenty Years in the Ministry." The pastor was ordained to the gospel ministry twenty years ago, Oct. 18.

Sunday school at 10 a. m. Christian Endeavor, 6:30 p. m.

The Christian Endeavor meeting will be in charge of Gladys Wilton.

Evening Worship, 7:30 p. m.

Men's Club to Meet

The Men's club meets this Friday evening for dinner at 6:30, followed by a short business meeting and program, the speaker of the evening to be the Rev. E. Leslie Shaw of Wheeling. His subject will be: "Detour—Road Under Construction."

Music will be furnished by the male quartette. It is hoped that all the men of the church and congregation will avail themselves of this opportunity to hear Mr. Shaw and make the first meeting of the season a success.

Dinner will be served at 75c per plate and reservations must be made not later than Thursday evening by calling the pastor or F. E. Briggs, telephone 212-J.

ST. PETER EV. LUTHERAN CHURCH

Pastors
C. M. Noack, 115 St. James St., tel. 108-W.
H. C. Fricke, 304 Douglas Ave., tel. 278-W.

Sunday school, 9:30 a. m.
German service, 9:30 a. m.
English Service, 11 a. m.

Special Children's Service Sunday

Next Sunday, we are having a special service arranged for the children of the church. The entire service will be adapted to the understanding and appreciation of the child. The sermon for the occasion will be delivered to the children on the Fourth commandment, presenting the topic, "The Only Commandment with a Promise."

All pupils of the day school will participate, in a body, and special seats will be reserved for them.

Mr. Theodore Preuss, teacher of the sixth grade, has composed a poem for the occasion, which will be sung by the children of the school.

The pastor is making every effort to arrange a service that will appeal to the children; and the cooperation of the parents is cordially solicited.

Church Notes

The Junior Bible Class will meet again next Tuesday for their Bible study. All members of the class are urged to be present.

Choir practice every Thursday night.

CHRISTIAN SCIENCE SOCIETY

N. Dunton and Fremont Aves.

Sunday
9:30 a. m., Sunday school, for pupils under 20 years.

11 a. m., Morning service.

Wednesday
8 p. m. Testimonial meeting.

DAILY EARLY MORNING RADIO PROGRAMS

The early morning Christian Science programs, including readings from the Bible, are from 7:30 to 7:45 every week day over Station WBBM, 770 kc.; this Society co-operating. Sunday services (Seventh Church) are broadcast at 10:45 o'clock over Station WCFI, 970 kc. Inspiration for each day is afforded by these programs.

The public is invited to the services and to listen in on the radio.

CHRISTIAN SCIENCE CHURCHES

"Are Sin, Disease, and Death Real?" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 11.

The Golden Text was, "God be merciful unto us, and bless us; and cause his face to shine upon us; that thy way may be known upon earth, thy saving health among all nations" (Psalms 67:1, 2).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For God, who commanded the light to shine out of darkness, hath shined in our hearts, to give the light of the knowledge of the glory of God in the face of Jesus Christ" (II. Cor. 4:6).

The Lesson-Sermon also included the following passages from the Christian Science textbook "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Unless the harmony and immortality of man are becoming more apparent, we are not gaining the true idea of God; and the body will reflect what governs it, whether it be Truth or error, understanding or belief, Spirit or matter. Therefore acquaint now thyself with Him, and be at peace. Be watchful, sober, and vigilant" (p. 324).

Epworth Leaguers Elect Officers

Officers for the Epworth league were elected last Sunday evening at the Methodist church parlor:

Miss Dorothy Helm, president; Miss Grace Knox, first vice president; Miss Doris Crofoot, second vice president; Miss Dorothy Kopplin, third vice president; Miss Katherine Dibbley, fourth vice president; Miss Esther Knox, secretary; Miss Lorraine Nelson, treasurer; Miss Bessie Allen, pianist. Mr. Walter Lennartson is advisor.

This is by no means a girls' movement or organization as the new list of officers may seem to indicate, but is coeducational.

Greater interest and profit from meetings as well as the entire program was discussed last Sunday evening. There was a good attendance, and a splendid year's activities are looked forward to.

The programs which have been planned this year are live and charged with interest to everyone, young men and young women alike.

Community Choral Enthusiastic Over Splendor of Music

The Community Choral society last Monday night rehearsed the chorus, "Achieved is the Glorious Work," from Haydn's "Creation," which is to be given here this winter. This gorgeous number proved to be excellent vocal practice, and members were very enthusiastic about it.

There is still opportunity for new members to come and join, simply by paying the ten cents dues and giving their names to the secretary, Miss Delilah Kost, at the table. The director, Mr. Theodore Militzer, is one under whom it is a rare privilege to work; such an opportunity comes but few times in a lifetime to people interested in self-improvement and enjoyment in real music.

The chorus contains three experienced musical directors who are sitting in as plain singers and thoroughly enjoying themselves.

Folly of Incredulity

A rational against irrational excesses and vagaries of skepticism may readily degenerate into the rival folly of credulity.

BIG TRUCKS MUST

NOW CARRY MORE

LIGHTS AT NIGHT

Considerable lack of information seems to exist as to the new law regarding lights on trucks which with or without trailers, may be 20 feet long or over.

Trucks 20 feet long or over, beginning Oct. 1, 1931, have to carry two amber reflector lights on each side. Trucks with or without trailers, 25 feet long or over, have to have three green lights in front with a yellow or amber light on the lower left hand corner of the front; on the rear these trucks must have three red lights in a row; also within twelve inches from the lower left-hand corner, another red light.

This law went into effect Oct. 1; the state highway police are going to make arrests for violation beginning Nov. 1, according to a local justice of the peace.

This law is Section 16c, page 22 of the Illinois Motor Vehicle law, and reads as follows:

"(C) After October 1, 1931, every motor vehicle of the second division . . . the length of which together with any trailer or trailers in tow thereof, is more than 25 feet and the width of which is more than 80 inches, while being operated on the public highways of this State outside the corporate limits of cities, towns and villages, during the period one hour after sunset to sunrise, shall display on the front thereof a horizontal line near the top of the vehicle, approximately six inches apart, three green lights plainly visible at a distance of at least 200 feet; also on the rear thereof in a horizontal line approximately six inches apart, three red lights, plainly visible at a distance of at least 200 feet; also on the front of the body of said vehicle near the lower left hand corner one yellow or amber tinted reflector; also on the rear of the body of said vehicle, not more than twelve inches from the lower left hand corner, one red reflector. All motor vehicles of the second division more than 20 feet long, and all trailers and semi-trailers, while being operated on the public highways of this State outside the corporate limits of cities, towns or villages, during the period one hour after sunset to sunrise, shall display on each side of the vehicle at approximately the one-third points of the length of the same, at a height not exceeding five feet above the surface of the road, and reflecting on a line approximately at right angles to the center line of the vehicle, two amber tinted reflectors of a type approved by the Secretary of State. Providing, however, that on motor vehicles equipped with acetylene headlights, approved reflectors, conforming as to color and location, may be used in lieu of the three green lights and three red lights required under this section."

How to Get Junior To Eat What's Good For Him, Discussed

The Methodist Mother's club had a very enjoyable meeting October 7, at the home of Mrs. Frank Wasser. Twenty-five members and guests were present.

Mrs. E. T. Wolf had charge of the program. The members responded to roll call with favorite poems.

Miss Carey Clark talked to the mothers on "Feeding the Small Child." She said that mothers do not need to learn so much what to feed the child, since that phase has been well covered, but rather how to get the child to eat the food. Miss Clark took a course in Child Training this summer and was able to give many helpful suggestions. Discussion followed her talk. The hostess served refreshments appropriate to the month.

The Sunday school teachers and the fathers are to be guests at the November 4th meeting, which will be held at the church.

Mr. & Mrs. H. F. Pohlman Celebrate Silver Wedding

Mr. and Mrs. H. F. Pohlman, of Palatine, celebrated their silver wedding at their home on Chicago Ave., last Saturday. About sixty guests were present, including a number from Chicago, Mt. Prospect, Arlington Heights and Barrington. An elaborate dinner was served at seven o'clock. The home was prettily decorated in pink and silver. Following the dinner, dancing was enjoyed in the basement. Many beautiful gifts of silver were received and will be very useful.

IS IT ANOTHER RACKET

Last Monday morning, a state motor cop called at the Mt. Prospect hospital asking that an ambulance be called to rush victims of an accident corner of Elmhurst road and Route 58 to the hospital. Dr. Wolforth called the ambulance.

The driver upon arriving at the scene of the accident turned his car so that he could go north to rush the victim to the hospital from which he was called and which was only a mile or so away. A Cook County motor cop insisted that the ambulance make the longer trip to the Des Plaines Emergency hospital at Des Plaines.

When the facts in this matter were brought to the attention of the county police, the excuse was made that the guilty cop was not on regular duty, etc. The Herald would like to know if the practice of directing accidents to one certain hospital regardless of the location of the accident, is just another racket or is it a mistake that will be remedied in the future?

Celebrate Golden Wedding, Mr. and Mrs. Frank Dierking

Mr. and Mrs. Frank Dierking, resident near Bensenville, celebrated their golden wedding Wednesday, Oct. 7, 1931, at the Irving Wolf school house on Wolf road.

The venerable couple were attended by Mr. Herman Kolze and Mrs. Herman Rothermund, who had been witnesses on that day fifty years ago when Rev. Boerner of St. John's church tied the nuptial knot; when Catherine Langguth became Mrs. Dierking. They were also surrounded by their children: Mr. and Mrs. Henry Dierking; Mr. and Mrs. Herman Preuter; Mrs. William Wiemerslage; and eight grandchildren. Besides these, many other relatives and friends were present; in all about 125 guests who came from near and far to celebrate this great event in the lives of the honored couple and their children.

The celebration began about three o'clock when first of all a group picture was taken, in the schoolhouse, of all the assembled guests. Then an impressive devotional service was held, led by the local pastor, Rev. H. L. Barth of St. John's church, who had chosen for his text, Romans 12:12, and who implored the blessing of the Triune God upon the venerable couple.

One duet and three beautiful quartet numbers were rendered by Mr. and Mrs. Herman Magers and Mr. and Mrs. Franzen.

After the services, all the wedding guests repaired into the basement where a sumptuous wedding dinner was served. Mr. and Mrs. Dierking received numerous beautiful and useful wedding presents.

Although Mr. Dier
